Phone: (408) 601-7007

Dear Hiring Manager,

I am writing to express my interest in this position within your esteemed organization. With over 16 years of experience as a Principal Mobile Architect and Lead, I have honed my skills in creating innovative and high-performance mobile applications for a variety of platforms and clients. My extensive background in mobile development, combined with my ongoing education in Artificial Intelligence at Johns Hopkins University and Caltech, makes me a strong candidate for this role.

Throughout my career, I have had the opportunity to work with renowned companies such as Apple, GE, CBS, and Oracle. My roles have allowed me to develop a deep proficiency in SwiftUI, Combine, and other modern frameworks and technologies that are critical for developing responsive and scalable mobile applications. I am also adept at leading cross-functional teams and managing complex projects from conception to completion. Some highlights of my career include:

- Leading the development of mobile applications for high-profile clients such as Southwest Airlines, Nike, Walmart, and others, ensuring robust performance and exceptional user experiences.
- Spearheading the re-architecture of native applications to leverage SwiftUI, enhancing user interfaces and optimizing performance.
- Contributing to the advancement of AI-powered mobile applications, such as the KF Advance app, which uses AI to help users improve their interview skills.

I am particularly skilled in bridging the gap between existing technologies and new, innovative solutions. My experience with UIKit and AppKit allows me to integrate modern SwiftUI views with existing iOS and macOS interfaces seamlessly. Additionally, my proficiency in backend development, cross-platform application development, and database management ensures that I can contribute to all aspects of mobile application development.

I am excited about the opportunity to bring my expertise to your organization and contribute to the development of cutting-edge apps that drive user engagement and satisfaction. I am confident that my background, skills, and passion for technology will make me a valuable addition to your team.

Thank you for considering my application. I look forward to the opportunity to discuss how my experience and skills align with the needs of your organization.

Sincerely,

Suleman Imdad
